Churchyard surveys: Plumpton and East Chiltington 2016, surveyed by Jacqui Hutson and Kate Gold for the Sussex Botanical Recording Society.

STATUS
N = Native – Plants naturally occurring in the area.
E = Established – plants which have arrived accidentally but which are now growing and reproducing naturally.
P = Planted – Plants growing where they were planted
A = Alien – Plants which do not naturally occur in the area and have been introduced by the activities of man or animals.

Scientific name	English name	All Saints	East Chiltington	St Michael's
Acer campestre	Maple	N		
Acer pseudoplatanus	Sycamore	E	E	E
Achillea millefolium	Yarrow	N	N	
Agrimonia eupatoria	Agrimony	N	N	
Agrostis capillaris	Common Bent	N		
Agrostis stolonifera	Creeping Bent		N	
Ajuga reptans	Bugle	N		N
Alliara petiolata	Garlic Mustard	N		N
Allium triquetrum	Three-cornered Garlic	U		
Alopecurus pratensis	Meadow Foxtail	N	N	
Anemone nemorosa	Wood Anemone			N
Anisantha sterilis	Barren Brome	A		A
Anthoxanthum odoratum	Sweet Vernal-grass	N	N	N
Anthriscus sylvestris	Cow Parsley	N	N	N
Aquilegia vulgaris	Columbine	E		
Arrhenatherum elatius	False Oat-grass	N	N	N
Arum maculatum	Lords-and-ladies	N	N	N
Asplenium ruta-muraria	Wall Rue		N	
Asplenium scolopendrium	Hart's-tongue	N	N	
Aucuba japonica	Spotted-laurel			P
Bellis perennis	Daisy	N	N	N
Brachypodium sylvaticum	False Brome	N	N	N
Buxus sempervirens	Box	P		
Calystegia sepium	Hedge Bindweed	N	N

A = Alien – Plants which do not naturally occur in the area and have been introduced by the activities of man or animals.

Scientific name	English name	All Saints	East Chiltington	St Michael's
Cardamine hirsuta	Hairy Bitter-cress		N	
Cardamine pratensis	Lady's-smock	N	N	N
Carex divulsa subsp. *divulsa*	Grey Sedge	N	N	
Carex flacca	Glaucous Sedge	N		
Carex hirta	Hairy Sedge	N		
Carex pendula	Pendulous Sedge			N
Carex sylvatica	Wood Sedge			N
Carpinus betulus	Hornbeam	N		
Castanea sativa	Sweet Chestnut		P	
Centaurea nigra	Common Knapweed	N	N	
Cerastium fontanum	Common Mouse-ear	N	N	
Chelidonium majus	Greater Celandine		A	
Chamaecyparis lawsoniana	Lawson Cypress	P		
Chamerion angustifolium	Rosebay Willowherb	N		
Circaea lutetiana	Enchanter's Nightshade			N
Cirsium arvense	Creeping Thistle		N	
Cirsium vulgare	Spear Thistle	N		N
Convolvulus arvensis	Field Bindweed		N	
Cornus sanguinea	Dogwood		N	N
Corylus avellana	Hazel	N		
Crataegus monogyna	Common Hawthorn	N	N	
Crepis biennis	Rough Hawk's-beard		N	N
Crepis capillaris	Smooth Hawk's-beard		N	
Cynosurus cristatus	Crested Dog's-tail	N

Scientific name	English name	All Saints	East Chiltington	St Michael's
Dactylis glomerata	Cocksfoot	N	N	N
Dactylorhiza fuchsii	Common Spotted-orchid	N		
Dipsacus fullonum	Wild Teasel		N	
Dryopteris dilatata	Broad Buckler-fern		N	
Dryopteris filix-mas	Male-fern	N		N
Epilobium ciliatum	American Willowherb			E
Epilobium hirsutum	Great Willowherb	N		
Epilobium obscurum	Short-fruited Willowherb	N		N
Epilobium tetragonum	Square-stalked Willowherb	N		N
Euonymus europaeus	Spindle	N		
Euphorbia helioscopia	Sun Spurge		A	
Festuca rubra agg.	Red Fescue			N
Ficaria verna	Lesser Celandine	N	N	N
Fragaria vesca	Wild Strawberry	N		
Fraxinus excelsior	Ash	N		
Galanthus nivalis	Snowdrop			E
Galium aparine	Cleavers	N	N	N
Geranium dissectum	Cut-leaved Crane's-bill	A	A	
Geranium pratense	Meadow Crane's-bill	N/P?		
Geranium robertianum	Herb-Robert	N		
Geum urbanum	Wood Avens		N	N
Glechoma hederacea	Ground-ivy	N	N	N
Hedera helix	Ivy	N	N	
Helminthotheca echioides	Bristly Oxtongue		A
